

Adobe Stock for teams

Adobe Stock

Choose from millions of images, graphics, videos, templates, and 3D assets.

Adobe Stock is the world's leading marketplace for creatives. With advanced search, native Adobe Creative Cloud integration, and easy billing solutions, Adobe Stock offers incredible value to customers of all sizes.

Features and benefits

Comprehensive marketplace

With 50,000+ fresh images added daily from 170,000+ contributors around the world, Adobe Stock offers the most diverse collection of local imagery.

#1 creative platform in the world

Adobe Stock offers deep, native integration with Creative Cloud apps such as Adobe Photoshop CC, Illustrator CC, and InDesign CC—and there's no need to install or manage plug-ins.

Advanced search functionality

Adobe Stock uses Adobe Sensei machine learning technology to dramatically improve the relevance of your search results. You'll find exactly what you need, faster than ever.

Worry-free licensing and management

Creative Cloud for teams and Creative Cloud for enterprise administrators can easily add or remove members from Adobe Stock teams plans without worrying about shared login credentials or lost passwords.

Trusted service provider

Adobe Stock is made by the same company that brings you Creative Cloud, so you can count on unmatched integration with the world's best creative apps as well as unparalleled workflow efficiency.
